TRIES TO GET MURDERER

Anniston, Ala., July 19.—Early Saturday a mob attempted to get into the county jail to lynch Samuel Keith, negro, but abandoned the effort after leaders had succeeded in entering the residence portion of the prison. The negro, alleged slayer of W. T. Lindley, Woodstock furnace foreman, slept soundly throughout the demonstration, but Edgar Caldwell, condemned to die July 30 for the murder of Cecil Linton in December, 1918, was badly frightened and prayed loudly. Sheriff Parker, with a squad of picked deputies, was in the jail awaiting the mob, having been warned an attempt to lynch Keith would be made.

GUILTY OF FIRST DEGREE MURDER

Verdict in Turner's Case Reached in 29 Minutes

PLEA SELF-DEFENSE

Appeal to be Taken to U. S. Circuit Court of Appeals—Judgment Will be Entered Friday

Richmond, July 19.—William Turner, aged 50, colored, on trial for the killing of T. Morgan Moore, torpedo expert, of Alexandria, was convicted of first degree murder in the United States District Court here Saturday. The jury was out twenty-nine minutes.

Motion made by Attorney Harry Smith to have the verdict in the case set aside as contrary to the law and the evidence, because Assistant District Attorney R. T. Wilson refused to submit the case to the jury without argument, for alleged improper instructions to the jury and improper admission of evidence, was overruled by the court. Both the defense and the prosecution refused to argue the motion to set aside the verdict. Attorney William Denny, colored, employed in assisting in the defense of Turner, declared after the trial that an appeal would be made to the United States Circuit Court of Appeals.

Trial was resumed Saturday with the testimony of Miss Pearl J. Clark. Miss Clark told of the appearance of Turner on the lonely country road between Washington and Alexandria, and of the subsequent happenings.

Miss Clark described how the negro followed her, made a proposal, which by common consent of the attorneys she was spared the humiliation of relating before the crowded court room, and dragged her from the road into the bushes. There, she testified, he threw her to the ground. He choked her, it developed later in the testimony of another witness, who stated that blood stains on her neck showed the prints of the negro's fingers.

Several other witnesses were called to the stand and corroborated everything which Miss Clark had said. There was little conflicting testimony offered by any of the witnesses.

As the sole witness for the defense Turner took the stand about 12.15 o'clock. He was the best witness for the prosecution which could have been produced and created a very unfavorable impression on the jury by being hopelessly mixed on the cross-examination by the assistant district attorney.

Turner was placed on the stand and asked to tell his version of the story by the defense. He related how

PLANK OF LAW AND ORDER

Prohibitionists Thunderstruck by Elimination of Issue Adopted at Chicago

Chicago, July 19.—The law and order plank adopted by the Republican National Convention has been left out of the platform as issued from Republican headquarters, Virgil G. Hinshaw chairman of the Prohibition National Committee, said:

"Prohibitionists," said Chairman Hinshaw, are thunderstruck by the failure of the Republican platform issued by the national committee to embody the law enforcement plank adopted along with other planks by unanimous votes of the Republican National Convention.

Clinton N. Howard, representative of the Prohibition National Committee, and William Jennings Bryan, sat in the Republican convention and heard this plank in advance of its adoption, which followed without a dissenting vote. It was published as part of the platform in all the big papers of the land.

Friday I went to the headquarters of the Republican National Committee in Chicago and Captain Victor Heintz in charge, admitted the omission, and said he was taking the matter up with the authorities in New York in order to ascertain the reason for leaving it out."

The plank referred to by Mr. Hinshaw was this:

"The equality of all citizens under the law has always been a policy of the Republican party. Without obedience to law and maintenance of order our American institutions must perish. Our laws must be impartially enforced and speedy justice should be secured."

GOMPERS TO TAKE STUMP

Will Oppose Candidates for Congress Considered Unfriendly to Organized Labor

Washington, July 19.—President Gompers and Secretary Morrison, of the American Federation of Labor, will take the stump during the coming political campaign in opposition to candidates for Congress regarded as unfriendly to organized labor, Mr. Morrison said. He intimated that the federation would concentrate its efforts on candidates for the House and Senate, rather than on the heads of the party tickets.

The federation, however, has prepared for campaign purposes the records of the stand on labor legislation taken by Senator Harding, the Republican presidential candidate, in the Senate and by Governor Cox, the Democratic presidential nominee, when he was a member of the House.

HISTORIC HOUSE BURNS

Historic McCoul House, in Spotsylvania County, Scene of Carnage, Total Loss by Fire

Fredericksburg, July 19.—The historical "McCoul House," in Spotsylvania County, was destroyed by fire yesterday. The "McCoul House" was used as headquarters by General Robert E. Lee during the battle of Bloody Angle, and history states that this old Colonial mansion changed hands between Northern and Southern troops seven times in one day. It was one of the most highly valued, historic landmarks in the county, and was a Mecca of tourists inspecting battle fields.

The Destroyer A. C. Baseball team defeated the strong Eastern A. C. nine of Washington, Saturday on the High School grounds by the score of 9 to 8. The game being nip and tuck all the way gave the fans plenty of thrill. Upton was on the mound for the locals and had the visitors in check the full route, while Owens received him in snappy fashion. The winning run was scored in the ninth with two out when Hall hit to the pitcher who threw to first, but the first sacker dropped the ball allowing Snellings to score with the winning run.

The Naval Torpedo Station has some strong entries in the Washington Navy Yary field meet to be held at the Central High School stadium, Florida Avenue and thirteenth street, N. W., Saturday, July 24, 1920, at 3.30 p. m. Alexandria can expect to win a couple of these hard contested events.

K. of C. Knights Attend Vesper Services Last Night at St. Mary's Church—Ball Tonight at Elks' Hall

The fourth degree of the Knights of Columbus was exemplified yesterday afternoon on a large class of candidates at St. Mary's Hall, numbering about fifty, including a delegation from Portsmouth, Va., headed by grand knight P. J. Riley. The work was in charge of Dr. E. A. Gorman, master of this jurisdiction and staff.

Following the degree work a banquet was served at the Lyceum Hall to the candidates and members of the fourth degree.

C. M. Horgan was toastmaster and toasts were responded to by the following: Sir Knights Sheehy and Harrington of Washington Rev. Sir Knights Wheeler of Washington and L. F. Kelly of Alexandria: The banquet was served by a committee of ladies under the direction of Mrs. M. R. O'Sullivan and the women were highly praised for the splendid banquet.

Members attended special vesper service and benediction at 7 o'clock. The vespers was sung by the Knights of Columbus choir of Washington and newly elected members headed by a soldier member in uniform carrying the colors marched to the church in a body, occupying the main aisle seats. The salute given by the members with their swords was very impressive. This is the first time the fourth degree, the highest degree of the order, was ever conferred here.

This afternoon the visitors went to Mount Vernon and other points as guests of members of the local assembly.

The affair will end tonight with a ball which will take place in the auditorium of the Elks' Home to which the knights and their friends will attend. The ladies who served the banquet yesterday afternoon will be special guests of this occassion.

MAN SHOT TO DEATH

Chester Police Seek Man and Wife Who Disappear

Chester, Pa., July 19.—Earl Smith, twenty-eight years old, employed at New Brunswick, N. J., was found shot to death yesterday in the house occupied by Waddell Harrison, at 115 Lloyd street, by the police. Harrison, who is suspected of the murder, is missing, and a search is being made for him.

When the police arrived the house was not occupied. The body of Smith with four bullet wounds in the head and neck, was found crumpled on the floor of a back kitchen. One hand clutched a two-dollar bill, a large unopened clasp knife lay on the floor beside the body and the left pocket of his trousers was turned inside out.

On a table a deck of cards was strewn about, and there was every evidence of a fight over a game of cards. Harrison's wife left early in the morning, according to neighbors. Harrison is thirty years old, and left without his coat, and a bunch of keys was found in the door.

PREDICT THE ELECTION OF COX

New York, July 19.—It has come! Owners of astral bodies, Auras and the like—in other words spirits—have gone into politics.

According to Melvin A. Fogg, of the First Spiritualist Church, of Trenton N. J., Abraham Lincoln has sent a message back to his mortal fellow-countrymen that Governor James M. Cox will surely be elected in November. Not only that, but this message was received before Governor Cox had been nominated—a week before the convention opened in San Francisco.

GOVERNOR COX IN CAPITOL CITY

Democratic Candidate Meets With Hearty Reception

INTERVIEWS WILSON

Statement Issued Concerning League of Nations—President Says Ohio's Governor Will Have Support Party

Gov. Cox of Ohio, Democratic candidate for President, left Washington yesterday afternoon amid cheers after a White House call of great moment to his campaign, to all appearances gratified with the political developments of the day and more than pleased, in his own words, with the cordial reception given him on every side and especially at every public appearance during his brief stay of a little more than 24 hours.

Crowds lined the sidewalk in front of the White House and their cheers, as the candidate's automobile swept through the gates, must have carried to the ears of the President within. "There goes Cox," was the cry throughout the day whenever the governor appeared and he was given a distinct, although not unpleasant fore taste of "the great white light that beats around the Presidency"—or even a candidate therefor—within the Capital City. Another great crowd saw him off at the Union Station.

Appearing promptly at the White House at the appointed hour of 10.30 President Wilson, Gov. Cox and Franklin D. Roosevelt, who occupies the second place on the Democratic ticket, went into conference beneath the awnings on the sunny south portico. They remained in close conversation for upward of an hour, their earnest consultation being enlivened from time to time by humorous anecdotes related by the President, according to Gov. Cox.

Washington, July 19.—The President's statement, issued after his conference with Governor Cox, is as follows:

The interview was in every respect most satisfactory and gratifying. I found what I indeed already knew, and what Governor Cox has let the whole world know in his speeches, that he and I were absolutely at one with regard to the great issue of the League of Nations and that he is ready to be the champion in every respect of the honor of the nation and the secure peace of the world. Governor Cox will have the vigorous support of an absolutely united party, and I am confident, also of an absolutely united nation.

The statement issued by Governor Cox reads:

From every viewpoint the meeting was delightful. The President was at his best, recalling any detail inquired about as bearing upon the international situation and enlivening the whole conference with a humorous anecdote now and then in his old-time characteristic way. We are agreed as to the meaning and sufficiency of the Democratic platform and the duty of the party in the face of threatened bad faith in the world in the name of America. His thought is still of the war and the pledges we gave to those who sacrificed. One easily sees that as the leader of the nation who asked for our sons and our resources upon a very distinct understanding and obligation he is resolved that the faith shall be kept. To this his thought and life are dedicated. What he promised I shall, if elected, endeavor with all my strength to give.

Mr. Roosevelt, the Vice Presidential nominee, said:

I wish that every American could have been a silent witness to the meeting between these two great men. Their splendid accord and their high purpose are an inspiration. I need only add that my regret in leaving my post under President Wilson is softened by the knowledge that my new Commander-in-Chief will be his wholly worthy successor.

A SPEAKING CAMPAIGN

It is good news that Governor Cox and Mr. Roosevelt are going to take the stump, that they are going to the voters to tell them what they believe about present conditions and what they think ought to be done suggests the Philadelphia Record. "The two Democratic candidates are very much more attractive personalities than the two Republican candidates. They will make an admirable impression wherever they go.

"It is also good news that they are going everywhere. No part of the country is to be ignored on the ground that it is beyond reach. Republican States have been carried by Democratic candidates. States have been carried by very narrow majorities. Surprising changes occur occasionally. And the Presidency is not the only thing at issue. A Congress is to be elected. The Democrats do not need to gain very many seats in order to control both branches and put an end to the blockade of business by a Republican Congress, which began when the Republican members of the last Congress filibustered against the anpropriation bills, in violation of their duty and their official oaths. They went on a strike to force the calling of an extra session. And when they got their extra session they did little except make political speeches. They ignored the legislative program presented to them by the President for the reduction of the cost of living.

"The ability to make a speech is not the only qualification for the Presidency, but a man woh is fit to be President must have some information and some ideas and some capacity for expressing himself. He may not be a Demosthenes, but he must be able to discuss the pending political issues. Democracy is government carried on by discussion. Some of the discussion is carried on by the newspapers, some of it in Congress, and a good deal of it on the stump. The voters have a right to see and hear the men whom they are to elect to great offices. It helps them to reach conclusions as to their votes.

"Senator Harding is disposed to stay on his front porch and address people who go to Marion to hear him. He is well advised. He is not likely to win votes in a circuit of the country. But Mr. Cox is, and so is Mr. Roosevelt. And it is a proper and an essential feature of popular government that the political leaders shall go to the people and tell them what they think, and what they intend to do."

SO-CALLED TOY PISTOLS

Judge Moncure, of the Corporation Court, while passing on the south side of King street, near Royal, this morning saw a small boy about to enter a store, presumably for the purpose of purchasing catridges, as he carried a small pistol in his hand which in every way resembled a pattern of toy guns often sold to urchins. The Judge followed the boy and took the pistol from him for the purpose of examining it, and was surprised to find that while it in every way resembled such devices used by boys to explode paper caps, it was in reality a pistol which carried cartridges, it being arranged so as to could be "broken" and loaded. The boy became alarmed and ran.

The above incident is given as a warning to persons who allow their young ones to purchase and use so-called toy pistols. That taken from the youngster this morning would be a dangerous weapon if loaded with cartridges, although it is made to resemble a harmless toy.

During the past quarter of a century or more a city ordinance has been in force making it a misdemeanor for any person to sell a pistol of any description to a minor, but youngsters manage to procure them notwithstanding the law.

MILLIONS LOST FROM STRIKES

Approximately 3,500,000 workers were affected by labor controversies, strikes and lockouts in the United States during the government's fiscal year, which ended June 30, it is estimated officially in Washington on the basis of reports now being prepared for Director Hugh Kerwin of the conciliation bureau, department of labor.

These reports, when completed, will show the bureau was asked to mediate in a total of 800 cases, involving approximately 1,055,000 workers, Kerwin believes, or about half the number involved in the fiscal year ending June 30, 1919. The estimate for 1920 indicates that workers lost, roughly, $175,000,000 in wages, assuming an average wage of $5 and a total of ten days lost for each.

Loss to employers would be about $700,000,000 in value of production curtailed if wages represent one-quarter of the value of the product.

Steel strike alone is estimated to have cost the workers approximately $3,000,000 a day in lost wages. Wage losses of the outlaw railroad strikers are believed to total nearly as much as those of the steel strikers.

Before the largest crowd that ever witnessed a ball game here the crack Knickerbocker team of Washington defeated the Dreadnaughts of Alexandria yesterday by a score of 13 to 4. Six thousand fans gathered to see the game, which saw the Dreadnaughts completely outplayed.

Quayle, the Dreadnaught's star pitcher, failed to last two innings and was relieved by Singleton. The southpaw curves of Fisher, the Knick pitcher, had the Alexandrians guessing all the way, until he eased up toward the end of the game. He allowed but six hits and struck out seven.

Though Singleton fanned eleven Knick batters, he was hit successfully in the pinches when runs were needed.

The playing of the Knickerbocker infield was sensational, Girardi and Wise handling eighteen chances, the latter making the only miscue for the team. Wise led the Knicks in stick work ,registering four hits, including two doubles. In base running the Knicks were in a class by themselves, stealing seven sacks. Poore, of the winning team, caught in sensational style. The score:

Knicks . 1 4 0 0 2 5 0 1 0—13 11 1
D. A. C. . .0 0 0 0 0 0 3 0 1— 4 6 2

The Cardinal Athletic Club baseball team had the following named stars on the North Alfred street grounds in readiness to play the Garfield Athletic Club nine yesterday, but the latter failed to arrive: 'Speedking' Jones, pitcher; "Teddy" Schafer, catcher; Niedfeldt, first base; "Beau" Hodges, second base; McCann, third base; Tetreault, shortstop; Sammie Sampson and Pattie, right field; Jimmy Alexander, center field; Frank Owens, left field The above named players are not waning stars, but are a gentlemanly bunch of loyal athletes who can give a good account of themselves on any ball field. During the many years the Cardinal Athletic Club have been playing baseball, basketball, and football in Alexandria it has never been accused of using unfair tactics to win games. The cardinals have been defeated many times, but are always ready to try again While some of their former friends have found new lovers, there are old tried and true admirers who will go the limit to help them at all times. Many strong out of town teams have been booked to play every Sunday and fans who wish to see good ball games are invited to visit the North Alfred street grounds.

Boiling Is the Only Sure Way

New Method of Washing is Quicker, Better and More Economical

Old-style scrub boards and warm water have been responsible for the spreading of many contagious diseases. There is no need for any woman to take this risk. The best way to kill germs is with heat. Boil your clothes and every germ is killed.

And besides, this wonderful new method is far better and more economical than any other way.

Just think! Soak your wash over night. Shave ½ bar of Clean Easy Naptholeine Wash Soap into a 4½-gallon tub of water. Let it dissolve, and bring to boil. Put the clothes in and stir for 10 minutes only. Every garment is clean and pure.

There's no comparison between this and the old, dangerous, back-breaking wash tubs. Your wash will be finished before your neighbor has scrubbed the skin off three fingers!

Buy a bar of Clean Easy from your grocer. One-half bar will do an average week's washing of heavy clothes. And it goes after dirt, grime and germs in a way that you couldn't possibly do with a scrubbing board.

Protect your family—ease your work and get everything twice as well done at half the cost in less than half the time. How does that sound? There never was anything which could compare with Clean Easy—the wonder soap. Just notice how different it looks from other soaps—and how different it works, too! Try it today. You can bet your life you'll never work in any except the easy Clean Easy way again. Follow the directions on inside of the wrapper.

DODSON SOUNDS CALOMEL' DOOM

The 'Liver Tone' Man Warns Folks Against the Sickening, Salivating Drug

Ugh! Calomel makes you sick. It's horrible! Take a dose of the dangerous drug tonight and tomorrow you lose a day.

Calomel is mercury! When it comes into contact with sour bile, it crashes into it, breaking it up. Then is when you feel that awful nausea and cramping. If you are sluggish, if liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tone tonight.

Here's my guarantee—Go to any drug store and get a bottle of Dodson's Liver Tone for a few cents. Take a spoonful and if it doesn't straighten you right up and make you feel fine and vigorous, go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it can not saivate or make you sick.

Guilty of Murder

(Continued from Page One)

he had been visiting not far from the scene of the murder. On his way back to Washington he told the jury that he had seen the car standing by the side of the road and, believing that the occupants were delayed by a breakdown, went to their aid.

It was dark and the negro did not see anyone until he was within three feet of the car, when he discerned two forms in the back seat. He declared that he asked Moore if he was in trouble and receiving a negative answer, started away, when the white man shot him twice. Then he alleges he fired the shots which killed Moore. Afterwards, he said, that he went around on the other side of the car, Miss Clark handed him the jewelry, which he believed was money and that he went off in the opposite direction, while she ran screaming down the road toward Washington.

Afterward the verdict of first degree murder without any qualifying phrases had been brought in, the court allowed the defense thirty days to file bills of exception.

Attorney Denny said after the trial that his client will have the case appealed to the United States Circuit Court of Appeals. Judge Waddill postponed entering judgment until next Friday.

It is understood that permission to hold the execution of Turner at the Henrico jail will be granted by Judge R Carter Scott ,but if for any reason it would be inconsistent, the hanging will take place at one of the army camps or reservations in the vicinity of Richmond. Fulton aviation depot and Camp Lee have been mentioned as suitable places to erect a gallows.

Kills 'em All

Kill roaches, bed bugs, moths and germs in the easiest, quickest, cleanest, surest way—by spraying Preventol. Insects spread disease—they are carriers of death from filth to your food, to your table, to your mouth. Destroy them with Preventol—and protect your comfort, health and life.

PREVENTOL INSECTICIDE

Spray Preventol in your kitchen and pantry to kill the hideous roaches and their sickening odor. Spray it under and around the sink, along the drainboard, over and behind the shelves and in the cracks and crevices of woodwork and plaster. Preventol's vapor will do no harm—except to insects. These it drives out to die in sight. It kills their eggs—prevents their hatching.

You need not be bothered by blood-sucking bed bugs if you spray Preventol over the mattress and bedstead. Spray it into the tufts, under the bindings, in every spot where these pests maybe hiding. They cannot hide from Preventol. It gets 'em quickly.

Get rid of flies and mosquitoes, too, by spraying Preventol. They will flee from its vapor. Keep them out by spraying screens and woodwork about doors and windows. Spray Preventol over garbage and water to kill the eggs of flies and mosquitoes.

The Preventol Method of extermination is used in leading hotels, restaurants, hospitals and public institutions. You can rely on it.

Special combination Sprayer and Pint Can in handy box saves you money. $1.20 at your dealer's. Additional refill cans: Pint, 60c; Quart, $1.00; Half Gallon, $1.75.

A SENSIBLE INVESTMENT

The most sensible way to invest your money is to keep your property in good condition and to have a home which will make your family comfortable and other buildings which will properly house your belongings.

You get the direct benefit from money invested in this way from day to day, in addition to the actual increase in the value of your property.

There have been some reductions in the price of lumber by the mills and we are reducing our prices to meet these, regardless of the cost of the different items we have in stock.

Good Light Lightens Labor : :

Lighting the kitchen is like lighting a factory. Good lighting quickens production, as the factory man would say. In other words, it makes work go faster without the expenditure of any more energy.

Of all places needing more light and better light the kitchen in most homes is one of the most important. And when you have doubled or trebled the light in your **work** rooms, try it also in your **living** rooms.

If you find that doubling or trebling the illumination there mean glaring light, **don't** cut down the amount of lighting again —**shade** the light better! Keep the direct rays from striking the eye. Throw some of the light to the ceiling and walls.

In every socket —in every room from cellar to garret—use only

EDISON MAZDA LAMPS

If you will do that, you will find that a great deal more light in the room is decorative, pleasing and restful. It's not the amount of LIGHT that you find irritating in some rooms, but the amount of GLARE.

OUR METER MEN REPORT THAT A NUMBER OF OUR CUSTOMERS ARE USING CARBON LAMPS. WHY NOT BE UP TO DATE? USE MAZDA LAMPS—BETTER LIGHT—LOWER BILLS.
